

Every citizen of the Municipality must observe the rules concerning refuse collection and help to safeguard the environment by separating materials properly so that they can be recycled

Collection system: MIXED (door to door + roadside bins)

Door to door: paper, cardboard, and Tetra Pak must be placed in paper bags or cardboard boxes, or tied together with string, and displayed on the days and times indicated in the calendar. **Roadside bins**: refuse must be deposited in the roadside bins.

Small electrical and electronic items (such as computers, printers, blenders, small televisions, stereo systems, and mobile phones) should never be thrown in the trash but should be taken to one of Veritas's **Recycling Centres**.

Bulky waste should never be abandoned, but must be taken to the Recycling Centre or disposed of through the home collection service by appointment. For information and appointments: tollfree number on landline **800.811333** (mobile **041 9655533**).

KEEP YOUR CITY **CLEAN** Solumping waste or refuse on public land is punishable by fine.
