

Every citizen of the Municipality must observe the rules concerning refuse collection and help to safeguard the environment by separating materials properly so that they can be recycled

Collection system: ROADSIDE BINS

Refuse must be deposited in the roadside bins.

Electrical and electronic items

Small electrical and electronic items (such as computers, printers, blenders, small televisions, stereo systems, and mobile phones) should never be thrown in the trash but should be taken to one of Veritas's **Recycling Centres**.

Bulky items

Bulky waste should never be abandoned, but must be taken to the Recycling Centre or disposed of through the home collection service by appointment. For information and appointments: tollfree number on landline **800.811333** (mobile **041 9655533**).
