

Every citizen of the Municipality must observe the rules concerning refuse collection and help to safeguard the environment by separating materials properly so that they can be recycled

## **Collection system: DOOR TO DOOR**

Refuse must be deposited only in the bins provided by Veritas, and put out for collection on the days and at the times indicated in the calendar.

## **Electrical and electronic items**

Small electrical and electronic items (such as computers, printers, blenders, small televisions, stereo systems, and mobile phones) should never be thrown in the trash but should be taken to one of Veritas's **Recycling Centres**.

## **Bulky items**

Bulky waste should never be abandoned, but must be taken to the Recycling Centre or disposed of through the home collection service by appointment. For information and appointments: tollfree number on landline **800.811333** (mobile **041 9655533**).

## **KEEP** YOUR CITY **CLEAN** Dumping waste or refuse on public land is punishable by fine.
